

## THEY ALL TAKE OFF THEIR HATS TO US

WHEN it comes to values—and that means quality, style, workmanship and everything—we're proud of the position we hold in this county. With quality at its height and prices down to their lowest in years, values here are greater than ever before.

Now Making Friends  
Instead of Profits

## Fall Suits

\$12.50, \$17.50  
\$19.50, \$24.50

YES, we've cut prices to the bone. We have simply closed our eyes, forgotten profits and determined to show the men of this county that we're paving the way to lower prices.

And here are the values that prove we're doing it. You won't find their equal anywhere in town. Quality hasn't been reduced one bit. A visit here will prove most convincing.

DRAPER & DRAPER CO., Gainesboro.

Mr. and Mrs. T. J. McCain of near Haydenburg, spent last week with his brother Dr. N. M. McCain and family. This is their first visit to his brother in twenty years. Mr. and Mrs. McCain are 76 and 74 years old respectively, and are in reasonably good health.

P. R. Hoover of Woodbury, has been visiting relatives on Flynn's creek. While in town Tuesday Mr. Hoover informed us that he wanted sell his old home place in White's Bend and left an ad with us to that effect.

Judge and Mrs. W. R. Officer dined at the home of Mr. and

Mrs. W. F. Sadler Tuesday.

Charley Cooper of Granville, popular candy drummer, was in town Tuesday.

Dr. and Mrs. J. B. Hix, after an extended visit to relatives here, left Sunday for their home in Altus, Okla. En route they stopped over in Cookeville for a two days visit.

Mrs. J. R. Shorter, of Lebanon, is visiting her daughter, Mrs. Lee McCartney.

Mr. and Mrs. Herman Haile were guests of Cookeville relatives one day last week.

man, popular attorneys of the Cookeville bar, are attending Chancery Court here.

R. L. and Frank Hargis of Granville, were in town Monday. Tanlac, that celebrated medicine, makes you eat better, feel better, sleep better and work better. Sold by Anderson & Haile, Gainesboro, Tenn.

A. M. Holland is at the bedside of his brother Clarence Holland, on Salt Lick. Mr. Holland is suffering from gallstone, and his recovery is doubtful.

Miss Nettie Jones left Thursday for Cookeville, to be gone several days.

We regret very much to have leave out some of our reporters news letters this week, but had to do it on account of having to carry an unusual amount of advertising. You know that's what it takes to keep the machinery working.

Rev. and Mrs. K. A. Early and children returned Wednesday

# Big Auction Sale.

## 2,500 Acres on Cumberland Plateau

### Bon Air Coal & Iron Corporation Lands Surrounding Clifty and Eastland.

#### In Tracts of 5 to 100 Acres

#### ON PREMISES

## November 8th and 9th

### BEGINNING NOV. 8, 10 A. M.

These lands are geographically situated in the center of the Cumberland Plateau, a section of Tennessee that is widely known for its coal, minerals, timber and rich soil, and in the heart of a prosperous, rapidly growing community. Clifty, the little town which most of these lands surround, is a model, up-to-date, thriving and prosperous coal mining and lumber town, with a population of about 900; has railroad station, several stores, school and churches and a high-class citizenship.

This property, which we will sell absolutely to the highest bidder and on very liberal terms, is now being surveyed and platted into tracts of from five to one hundred acres—each tract being well-located, with good building site and both tillable and timbered lands, as well as sufficient pasture. On several of these tracts there are now nice cottages. By so dividing this property both the small and large investor will be given an opportunity to make good investments in a growing section, rich in soil and natural resources, where property is destined soon to bring higher prices.

The soil is a fine, sandy loam, which is easily tilled and at the same time supplied with sufficient clay subsoil to enable it to retain well both manurial substances and moisture. It is well adapted to a great variety crops, including corn, clover, grass, forage crops, vegetables and fruits. The wide range for several months in the year, together with the fact that the soil is especially adapted to forage crops, such as soy beans, cowpeas, etc., as well as clover and grass, make the cattle and sheep industry one of the most profitable employments.

Practically all of this land has sufficient timber for necessary out houses and fences. At Clifty a big and sufficient lumber camp is operated by Ransom-Benedict Lumber Company, one of the largest lumber interests in the South, which will be a great aid to those who desire to build on tracts purchased.

Transportation facilities are splendid, with the Nashville, Chattanooga and St. Louis Railway giving outlet to Nashville, Atlanta and Chattanooga and other big railway centers. The Memphis to Bristol Highway, which will through this property, designed as apart of a national system of highways, is now being completed through Cumberland and White counties, a distance of 40 miles. There also good graded county roads leading in most every direction from this property.

This is an excellent opportunity for making a good investment or buying a home and farm. Property in this section is going higher and higher.

These lands will be sold on liberal terms—a small cash payment and the balance easy, or a liberal discount will be allowed for cash. And REMEMBER, every piece is going to be sold absolutely to the highest bidder, regardless of price.

## Making Extraordinary Mileage a Certainty—

Car Owners want more rubber on the tread where the wear is hardest; more gum between cord plies to perfect a resilient and powerful carcass. And they want a scientifically constructed Non Skid tread with all angles and contacts to resist skidding and give sure traction. Firestone Cord Tires have met these demands of the car owners.

### Read Letters Below—

#### Records from 29,000 to 57,000 Miles

Cord Tires built the Firestone way could not fail to produce mileage. Every day, from all over the country, comes the word that 10,000, 20,000 or 30,000 miles are frequent and consistent records.

Now and then they are emphasized by unusual instances such as quoted below. Performances like these demonstrate the ultimate possibilities of Firestone Cords under careful driving.

Sept. 18, 1921  
Firestone Tire & Rubber Co., Jacksonville Branch, Jacksonville, Florida.

Gentlemen:—I submit herewith the history of a 33x4 Firestone Cord tire. This tire has run 57,000 miles. I have retreaded it seven times. The average mileage to each retreading was about 7,000. I think you will agree this is a remarkable record. It is especially unusual as I know the owner to be a severe driver. However, he gives his tires proper inflation. The tire in question is not yet out of service and has every indication of being sufficiently strong for another retread. I am mailing photographs under separate cover.  
C. U. Penney, Plant City, Fla.

Sept. 2, 1921  
The Harvey E. Mack Co., Thirteenth & Harmon Place, Minneapolis.

Gentlemen:—It occurs to me that you might be interested in the mileage that I obtained from the set of Firestone Cord tires on my Dodge coupe. The first tire went over 29,000 miles. The second tire rolled up a mileage of between 34,000 and 35,000. These were both rear tires and had been cut considerably by chains. The two front tires have gone better than 35,000 miles and are still in good condition. I expect to get at least 40,000 miles from each of them. I need scarcely say that the Firestone Cord will be my tire choice for the future.  
Archibald H. Board, 322 LaSalle Bldg., Minneapolis.

## CORD TIRES

### Draper & McCawley Co., Gainesboro

day from Springfield, where they attended the Tennessee annual Conference which came to a close Monday. Bro. Early was returned to this Mission and we are very proud of the fact. J. W. Madewell was returned to Dycus, and O. K. Kirby is the new pastor for Granville Mission.

WANTED—A typist to go to Cookeville on Oct. 24, 25, 26, to aid the Clean-up Squad in their work. If any one will go, please see Mrs. Flora Tardy, Gainesboro Tenn., for further information.

Mr. and Mrs. Marion Crowder, operators of the exchange at Whitleyville, were in Gainesboro Thursday.

Chancery court convened here

Monday with Judge W. R. Officer on the bench. The docket is unusually light and but few days will be required to wind it up.

Judge Officer was accompanied on this round by Mrs. Officer.

HIGH CLASS KODAK
